

We have GREAT NEWS! Your nonprofit has been nominated!
One of our members has nominated your organization to be considered for our quarterly donation.

At 100 Women Who Care RI, our mission is to leverage the power of collective giving by bringing women together to make a greater impact in our community.

What we do: Each quarter, our members gather to learn about nonprofits supporting the Rhode Island community. 100% of our member donations go directly to the nonprofit. Additionally, our Rhode Island chapter is now included in a 50% match for each of our quarterly donations. In total, the elected nonprofit currently receives an average of \$7,500. To date we have given away more than \$300,000 to help support local nonprofits!

How it works: Each quarter we choose three nonprofits through a random draw from our existing nominations to be considered for voting. As a group we engage in a democratic vote for a single nonprofit to receive the total of our individual donations. Your organization might not be chosen at a particular meeting or if randomly drawn as one of three, may not carry the vote. The good news is that your organization still remains an active nomination! So while you may not receive funding the first time, you have many chances in the future.
